1 Introduction

MilliClubCoin (\$MILLI) is a community-driven meme coin on BNB Smart Chain (BSC), blending DeFi utility with viral meme culture. After canceling our PinkSale presale, we're launching a fair launch on PancakeSwap to ensure equal access for all. With \$10,000 USDC liquidity and a 30% token burn, \$MILLI offers staking rewards, VIP perks, and governance. Version 2.1 optimizes token allocation, moderator incentives, and community rewards for sustainable growth.

2 Vision

\$MILLI creates the “Millionaires’ Club” on BSC with:

- **Fair Launch:** No presale, equal pricing on PancakeSwap.
- **Passive Rewards:** 4.5% transaction fees fuel staking.
- **VIP Tiers:** Up to 2x multipliers and premium perks.
- **Community Governance:** Voting via mobile app.
- **Deflationary Mechanics:** 30% burn and fee buybacks enhance value.

3 Tokenomics

3.1 Total Supply

- 1,000,000,000 \$MILLI (fixed, no minting).
- **Locked:** 100,000,000 \$MILLI in Unicrypt vault (2-year lock, ID: 69441, Hash: 0x3590797de10b43c09f1aef21be3077e9c1ae9c6f1bf00744e82701db226d56a6).
- **Staked:** 100,000,000 \$MILLI by founder (2x multiplier, effective 200M).
- **Available:** 800,000,000 \$MILLI.
- **Burn:** 300,000,000 \$MILLI (30% of total) burned at launch to 0x00000000000000000000000000000000 leaving 700,000,000 circulating.

3.2 Allocation

- **Liquidity (12.5%):** 100,000,000 \$MILLI paired with \$10,000 USDC for PancakeSwap. LP tokens locked for 2 years.
- **Moderator Team (12.5%):** 100,000,000 \$MILLI, split among moderators, paid weekly over 1 year (no lock, vested via transfers).
- **Marketing Reserves (18.75%):** 150,000,000 \$MILLI, vested over 12 months for airdrops, contests, and promotions.

- **Project Reserves (18.75%):** 150,000,000 \$MILLI, held for future development, partnerships, burns, or community initiatives, vested over 2 years.
- **Burn (37.5%):** 300,000,000 \$MILLI burned at launch.

3.3 Transaction Fees

- 4.5% per transaction (buys/sells):
 - 4% to staking pool (MilliStaking contract).
 - 0.25% to project wallet (expenses: marketing, development).
 - 0.25% to founder wallet.
- **Project Wallet Allocation:** 10% of project wallet earnings (0.25% fee) paid weekly to moderators, remaining 90% for other expenses.

3.4 Initial Price Target

- **Starting Price:** \$0.0001 (FDMC: \$70,000 with 700M circulating).
- **Liquidity:** 100M \$MILLI + \$10,000 USDC.
- **Goal:** \$0.001+ via buybacks and burns.

4 Fair Launch on PancakeSwap

- **Presale Cancellation:** PinkSale presale (0xB2a60260B1A06819559a54e57254d49061344 canceled; 500M \$MILLI recovered, no funds raised, platform fees (\$0.5-2 BNB) non-refunded.
- **Platform:** PancakeSwap V2 (BSC), MILLI/USDC pair.
- **Liquidity:** \$10,000 USDC + 100M \$MILLI (team-funded). LP locked for 2 years.
- **Ownership:** Token contract renounced post-launch.

5 Moderator Team Compensation

- **Allocation:** 100,000,000 \$MILLI for moderators, paid weekly over 1 year (52 weeks).
- **Payment:** For 5 moderators, 384,615 \$MILLI/moderator/week.
- **Project Wallet Contribution:** 10% of 0.25% project fee earnings paid weekly to moderators.

- **Gold VIP Tier Incentive:** Moderators are granted Gold-level VIP status (1.5x staking multiplier, premium app dashboard, early feature access) for the duration of their service, incentivizing reinvestment in \$MILLI and fostering deeper commitment to the Millionaires' Club ecosystem.
- **Transparency:** Payments tracked on BSCScan, published at <https://milliclubcoin.io/funding>.
